

Supporting educational opportunities in leadership and education.

Awards Granted

Ayden Christopher Stathis Scholarship

The Brancati Foundation presented the first Ayden Christopher Stathis Scholarship awards to two graduating 8th grade students at Pioneer Middle School in Upland, CA on June 1, 2022. Each student received \$500 to be used toward their educational pursuits.

Mele Malere is described as quiet and reserved, yet always considerate of and kind to others. She has a passion for cooking, describing it as “like going on a raging roller coaster [because] in both cases it makes you excited.”

Brancati Foundation Advisory Board Member Adam Brusig presented the awards.

Dominic Morris is a kind-hearted young man always on the lookout for adventure. He is fearless, honest, and responsible, with a love for cooking and exploring the world.

Mele and Dominic both demonstrated Ayden’s love of food and the culinary arts, and they also reflect the qualities that made Ayden very special in our lives—his courage and persistence, as well as his respect, love, and care for others.

Through your donations, Ayden’s dreams will be realized for other young people like Mele and Dominic, and we invite you to consider supporting this fund. Thank you for your support!
